

transactions done on any applicable merchant from the second transaction for the month.

e. Reissue of Lost, Stolen or Damaged Card: ₹100

f. Dynamic currency conversion Markup Fee: A Markup fee of 1% will be levied on all transactions carried out in Indian Currency at an international location or at merchants which are located in India but registered overseas.

vi. Interest free (grace Period): The interest free credit period could range from 20 to 50 days subject to the scheme applicable on the specific Credit Card and the submission on the specific Credit Card (please refer to the Schedule of Charges) and the submission of claims by the merchant. However, this is not applicable if the Previous month's balance has not been cleared in full or if the Cardmember has availed of cash from ATM. For instance, the HDFC Bank Pixel Card has an interest-free credit period of up to 50 days. This means that a customer who has a billing date of 4th of the month can spend on his Card from 5th April to 4th May, his bill will be generated on 4th May and his Payment Due Date will be 24th May. Hence a purchase made on 14th April will have a credit period of 41 days, while a purchase made on 2nd May will have a credit period of 23 days.

This period will be free of interest only if all previous dues are paid in full and there is no unpaid balance carried over from previous months.

vii. Finance charges for both revolving credit and cash advances:

Variant	Charges (excluding GST)	
	Monthly	Annually
Pixel Go & Pixel Play	3.60%	43.20%

Finance charges are payable at the monthly percentage rate on all transactions from the date of transaction in the event of the Cardmember choosing not to pay his balance in full, and on all cash, advances taken by the Cardmember, till they are paid back. Finance charges, if payable, are debited to the Cardmember's account till the outstanding on the card is paid in full.

Finance charges on cash advances are applicable from the date of transaction until the payment is made in full.

When the customer carries forward any outstanding amount or avails of Cash Advance, a finance charge calculated by average Daily

Balance Method, will apply to balances carried forward and to fresh billings.

If a Cardholder avails of the revolving credit facility of the HDFC Bank Credit Card and hence chooses to pay an amount less than the total amount due reflected in the monthly billing statement, the entire outstanding amount except charges would attract finance charges and all new transactions will also attract finance charges till such time as the previous outstanding amounts are repaid in full.

viii. Overdue interest charges - to be given on monthly & annualised basis: Late Payment Charges will be applicable if Minimum Amount Due is not Paid by the payment due date, Clear funds need to be credited to HDFC Bank Card account on or before the payment due date, to avoid Late Payment charges. Refer section 'Schedule of Charges' for details.

The following illustration will indicate the method of calculating various charges:

Assume that you have paid all previous dues in full and do not have any amount outstanding in your Card Account. Your statement date is 18th of every month. The following is the list of transactions you have done on your card account.

Date	Transaction	Amount
10-Apr	Goods purchase	₹15,000
15-Apr	Garments purchase	₹5,000
18-Apr	Statement Date	Total Amount due = ₹20,000 Minimum Amount Due = ₹1,000
12-May	Payment into card account (Late payment charges will be applicable here)	₹2,000 (Credit)
14-May	Groceries purchase	₹1,000
15-May	Card Payment	₹15,000

Thus, on the statement dated 18th May, following will reflect as the component of the total amount payable by you.

Interest calculated = (outstanding amount * 3.6% per month (i.e., 43.2% per annum) * No of days) / 365. Therefore,

a. Interest on ₹15,000 @ 3.6% per month (i.e 43.2% per annum) from 10 April to 11 May (i.e for 32 days) = ₹568.10

Interest on ₹13,000 @ 3.6% per month (i.e 43.2% per annum) from 12 May to 14 May (i.e for 3 days) = ₹46.15
